I have learned that children, and animals too, because they are so open, may be largely influenced by the consciousness of the adults around them. Therefore when working for children or pets, use the affirmations both for them and for also clearing the consciousness of the parent, teacher, relative, etc. who may be surrounding and influencing them.

Remember the word metaphysical means to go beyond the physical to the mental cause behind it. As an example, if you came to me as a client with a problem of constipation I would know you had some sort of belief in limitation and lack and therefore were mentally frightened to let go of anything out of fear of not being able to replace it. It could also mean you were holding onto an old painful memory of the past and would not let go. You might have a fear of letting go of relationships that no longer nourish you, or a job that is unfulfilling, or some possessions that are now unuseable. You might even be stingy about money. Your dis-ease would give me many clues to your mental attitude.

I would try to make you understand that a closed fist and a tight attitude cannot take in anything new. I would help you develop more trust in the universe (that power that supplies your breath) to provide for you so that you could flow with the rhythms of life. I would help you to release your pattern of fear and teach you how to create a new cycle of good experiences by using your mind in a different way. I might ask you to go home and clean out your closets, giving away all the useless stuff to make room for new things. And as you were doing this to say out loud, "I am releasing the old and making room for the new." Simple but effective. And as you began to understand the principle of release and letting go, the constipation, which is a form of gripping and holding on, would take care of itself. The body would freely release that which was no longer useful in a normal way.

Perhaps you have noticed how often I have used the concepts of LOVE, PEACE, JOY, and SELF APPROVAL. When we can truly live from the loving space of the heart, approving of ourselves and trusting the Divine Power to provide for us, then peace and joy will fill our lives and illness and uncomfortable experiences will cease to be in our experience. Our goal is to live happy, healthy lives, enjoying our own company. Love dissolves anger, love releases resentment, love dissipates fear, love creates safety. When you can come from a space of totally loving yourself then everything in your life must flow with ease and harmony and health and prosperity and joy.

A good way to use this book when you have a physical problem;

- 1 Look up the mental cause. See if this could be true for you. If not, sit quietly and ask yourself, "What could be the thoughts in me that created this?"
- 2 Repeat to yourself (out loud if you can), "I am willing to release the pattern in my consciousness that has created this condition."
- 3 Repeat the new thought pattern to yourself several times.
- 4 Assume that you are already in the process of healing.

Whenever you think of the condition, repeat the steps.

This closing meditation is helpful to read daily as it creates a healthy consciousness and therefore a healthy body.

DEEP AT THE CENTRE OF MY BEING there is an infinite well of love. I now allow this love to flow to the surface. It fills my heart, my body, my mind, my consciousness, my very being, and radiates out from me in all directions and returns to me multiplied. The more love I use and give, the more I have to give, the supply is endless. The use of love makes ME FEEL GOOD, it is an expression of my inner joy. I love myself therefore, I take loving care of my body. I lovingly feed it nourishing foods and beverages, I lovingly groom it and dress it, and my body lovingly responds to me with vibrant health and energy. I love myself therefore, I provide for myself a comfortable home, one that fills all my needs and is a pleasure to be in. I fill the rooms with the vibration of love so that all who enter, myself included, will feel this love and be nourished by it. I love myself therefore, I work at a job that I truly enjoy doing, one that uses my creative talents and abilities, working with people that I love and that love me, and earning a good income. I love myself therefore, I behave and think in a loving way to all people for I know that that which I give out returns to me multiplied. I only attract loving people in my world for they are a mirror of what I am. I love myself therefore, I forgive and totally release the past and all past experiences and I am free. I love myself therefore, I live totally in the now, experiencing each moment as good and knowing that my future is bright, and joyous, and secure for I am a beloved child of the universe and the universe lovingly takes care of me now and forever more. And so it is.

I love you.
